

# Pomegranates *from Tunisia*

Bagged one by one on the tree, harvested when ripe from September to December and graded by hand. The Gabsi and Tounsi varieties are the most requested for export.

## Identity sheet

|                       |                                                                                                                                        |
|-----------------------|----------------------------------------------------------------------------------------------------------------------------------------|
| VARIETIES             | Gabsi: large size, sweet, from mid-September. Tounsi: medium size, from mid-October. Zehri on request.                                 |
| SIZES                 | Manual grading by weight, from 250 g to over 500 g; by diameter on request.                                                            |
| PACKAGING             | Single-layer cartons of 4 to 5 kg, fruit in trays; 10 kg crates; label with your brand on request.                                     |
| LOADING               | Pallets 80 × 120 or 100 × 120 cm; 20 pallets per refrigerated 40-foot container (basis of the quote request gauge).                    |
| TRANSPORT AND STORAGE | 5 to 7 °C, 90 to 95 % relative humidity; two to three months in cold storage.                                                          |
| CERTIFICATIONS        | Those of the orchards concerned, displayed with their expiry date. Being collected: no certificate is cited without its proof.         |
| EU ENTRY FORMALITIES  | Phytosanitary certificate; border control post inspection pre-notified in TRACES (Regulations (EU) 2016/2031, 2019/2072 and 2017/625). |
| CUSTOMS CODE          | 0810 90 75 (EU Combined Nomenclature).                                                                                                 |
| SEASON                | September – December. In 2026 the export campaign opened on 29 September.                                                              |

Sector values; varieties, sizes and loading to be confirmed by each associated grower.

## Calendar

## From the orchard to the carton

**Orchard** : Bagging, fruit by fruit · **Harvest** : By hand, when ripe · **Packing station** : Manual sorting and grading · **Shipping** : Refrigerated, 5 to 7 °C

## Frequently asked questions

### What is the minimum quantity?

One pallet on the consolidation platform; one full container in direct sale.

### Can you send samples?

Yes, before a first order. The shipping conditions are specified in the quote.

### What delivery terms?

EXW ex packing station, FOB from a Tunisian port, CFR, CIF or DAP: you state your preference at step 2 of the quote request.

### What lead times?

The quote gives the possible loading date; it depends on the port, the variety and the size requested.

### How is traceability ensured?

Every carton carries a lot number that refers to the plot and the harvest date.
